STAGE 2 Fire Restrictions in Place

Don't even think about doing these things!

-All personal uses of fireworks are prohibited.

-Building, maintaining, attending, or using an open fire, campfire, or open flame outdoors is PROHIBITED. This includes charcoal grills, BBQs, coal, and wood-burning stoves. Grills or firepits with on/off switches are okay.

-Smoking outdoors when not in a developed recreational site or in an area that is cleared of all combustible materials.

-Shooting or discharge of firearms for recreational purposes on private or public land. No explosive targets or incendiary (tracer) rounds. These are never allowed on Federal lands.

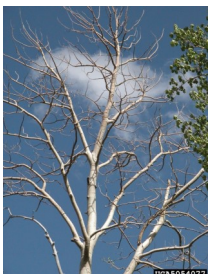

Kid Workers

Looking for help with your lawn, or vehicle cleaning, or a break from your little family members? Gina keeps a list of kids looking to make some money. Contact her to get a copy of the list. If your kids wants to be on the list, let Gina know. The list is not shared outside of the neighborhood.

Dead is Dead, and Dying has to GO!

Notices are going out to those with dead or dying trees and bushes. Not only do these cause potential damage when falling, they're unsightly. Aspens are not thriving in the neighborhood, so planting them is ill-advised. Check out the list of recommended species specific to our area on our website:

www.bluelakehoa.com

Make sure to call 8-1-1 before you dig!

Next Board Meeting

Tuesday, July 13th at 6:30 at the office.

HEY YOU....Yeah You!

Boats, campers, trailer parking for more than 24 hours on streets, driveways or yards is prohibited by our covenants. We don't want to make getting out to play difficult, but we also don't want to ignore this rule. If you need a little extra time for loading and unloading for a big trip, please call the office. Violators risk losing their Blue Lake storage space.

ATTENTION Storage Renters!

Is your unused stuff occupying a storage space in Blue Lake? Our waiting list for storage has reach an all time high so please ask yourself if you really need your space.

Now is a great time to sell toys as demand is high and supply is low. What might you do with the money??

Lake Park and Bike Path Reminders

Because our guards have been asked to strictly enforce the rules, please meet non-resident guests at the gate or they may be turned away, and don't tell non-residents that they can use the lake without you being there. If you do not have an ORANGE vehicle sticker adhered to your windshield you will not be allowed to park inside the gate. PERIOD!

All dogs must be leashed on the south side of the lake between our gate and the area near the boats, and watch them closely while off leash and pick up after them.

Motorized items are not allowed (unless protected by ADA rules) on our bike paths or in our parks. No engaged E-bikes, RC cars or boats, etc.
